

Take control of your waste!

Agritel supplies crushing and compacting machines for a wide variety of waste material, including plastic, cardboard, glass, cans, drums and oil filters. Compacted waste is easier to handle, cheaper to store and transport, and readily accepted by recyclers.

Used as part of a simple waste management regime, Agri-mac machines offer the potential for increased efficiency and cost-effective, environmentally-responsible waste disposal.

Contact our friendly and knowledgeable staff to find out how an Agri-mac machine can benefit your business.

Agri-mac BP11 Bin Press

The Agri-mac BP11 Bin Press packs an impressive compaction ratio of up to 3:1 (depending on material) to maximise utilisation of 1100 litre waste bins.

Reduced frequency of emptying – and/or fewer bins – improves efficiency and can deliver real cost-savings.

Like all Agri-mac machines, the BP11 Bin Press is safe and simple to use, and robustly engineered for long-term rugged performance.

- Base lifting plate ensures that bin wheels are not damaged during compaction
- Two-handed operation for a safe working environment
- Up to 3.5 tonne press force
- Adaptor available for 660 litre bin

TECHNICAL SPECIFICATION	
Agri-mac BP11 Bin Press	
Compaction ratio	Up to 3:1
Cycle time	20 seconds
Machine weight	270 kg
Power supply	Single phase 220-240V
Dimensions (HxWxD)	2120 x 1160 x 1150 mm
