

Crush the cost of waste disposal

Agritel supplies crushing and compacting machines for a wide variety of waste material including plastic, cardboard, cans, drums and general waste.

Used as part of a simple waste management regime, Agri-mac machines offer the potential for increased efficiency and cost-effective, environmentally-responsible waste disposal.

Contact our friendly and knowledgeable staff to find out how an Agri-mac machine can benefit your business.

Agri-mac BP21 Bag Press

The Agri-mac BP21 Bag Press reduces waste to one tenth of its original volume, maximising bin utilisation and reducing disposal costs.

Bagged waste is loaded into the press and, after crushing, tied off cleanly and securely in a polythene liner.

The BP21 Bag Press is suitable for both wet and dry kitchen waste, and is ideal for garage forecourts, retail outlets and small hospitality establishments.

- Low-level top-loading chamber
- Chamber opens at front for easy removal of compacted waste
- Up to 10:1 compaction ratio (depending on material)
- Two-handed operation for safety
- Wheel-mounted for easy relocation

TECHNICAL SPECIFICATION

Agri-mac BP21 Bag Press

Compaction ratio	Up to 10:1
Machine weight	325 kg
Motor	2.2 kW 13 Amp
Power supply	220-230 V single phase
Press force	Up to 3 tonnes
Dimensions (HxWxD)	1861 x 1200 x 630 mm
